Change to Display Order of Local IRB Facilitated Review Packet Files

During the July 13, 2009 meeting of the Local Site Advisory Panel, a request was made to change the display order of files available for download located under the Local IRB Facilitated Review Packet page on NCI CIRB website. The files will now be displayed in descending chronologic order, with the most recent files located at the top of the page and the oldest files located at the bottom of the page. Users will no longer have to search the entire page for the most recent additions.

This change was implemented with the intent to increase the functionality of the Local IRB Facilitated Review Packet and reduce the time requirement of users to find necessary information.

If you have any questions or comments about this change, please contact the CIRB Helpdesk at ncicirbcontact@emmes.com or by telephone at 1-888-657-3711.

Sincerely,

NCI CIRB Operations Office
