### **New Sort Functionality for SAEs**

New sort functionality has been added to the table listing SAE Reviews. SAEs are currently listed by Date of Full Board Review. The SAE table has been modified to allow users to change the display order to list SAEs by adverse event number (AE#). This new functionality will allow users to quickly find and review related SAEs and follow-ups.

This change was implemented with the intent to increase the functionality of the NCI CIRB website and reduce the time requirement of users to find necessary information.

If you have any questions or comments about this change, please contact the CIRB Helpdesk at [ncicirbcontact@emmes.com](mailto:ncicirbcontact@emmes.com) or by telephone at 1-888-657-3711.

Sincerely,

NCI CIRB Operations Office
